Format and Content

The practice test usually consists of three main sections. The first section involves multiple-choice questions focused on grammar, usage, and sentence structure. The second section requires students to edit and revise passages to improve clarity and correctness. This section tests students' ability to recognize and fix errors in organization, word choice, and sentence flow. It reinforces the importance of drafting and revising in the writing process.

Essay Writing

The essay portion is a timed writing task that challenges students to develop a clear thesis, support it with evidence, and organize their ideas logically.
